OUR MISSION.

The mission of the **Second Harvest Food Bank of Northwest Pennsylvania (SHFB)** is to provide food to those in need within eleven counties of northwest Pennsylvania while creating awareness and educating the community on the realities of hunger.

OUR VISION.

A hunger-free community.

OUR PROGRAMS.

Child Feeding Programs: For over 20,000 children in northwest Pennsylvania, school breakfasts and lunches may be the only meals they consistently receive. To ensure these children receive proper nutrition on the weekend and during holiday breaks, the Second Harvest Backpack and School Pantry programs provide nutritious, child-friendly foods on Fridays to these children and their families in safe, familiar locations.

Produce Express: Our Produce Express mobile food distribution program delivers food where traditional food pantries are not available, providing fresh, healthy produce and other foods to individuals and families who would not normally have access to it.

Military Share: Military Share, a Produce Express program, provides fresh, nutritious foods for families with at least one member who has served in the armed forces.

PA Senior Food Box Program: The U.S.D.A. provides food items for distribution to seniors with low incomes to supplement what they can purchase on their own or receive from other food assistance programs.

Healthy Pantry Initiative: The PA Healthy Pantry Initiative (HPI) supports our food pantries in becoming a community resource for promoting healthy food choices, nutrition education, and other resources, to improve the health of our neighbors in need. Second Harvest is working to encourage healthier eating and nutritional choices through Meals Made Easy, a six-week health education class with our HPI Coordinator at selected food pantries. Meals Made Easy incorporates hands-on cooking classes, recipes, and nutrition education for our neighbors in need.

Food Rescue & MealConnect: SHFB has partnerships with over 131 food wholesalers, manufacturers, retail stores, restaurants, and farmers across our 11 counties. We work together to recover high quality foods that would otherwise go to waste and distribute it to our neighbors facing food insecurity. Through our 78 agency partners that participate in the food rescue program, we were able to recover 4,814,700 pounds of food during the 2022-2023 fiscal year. As a partner food bank with Feeding America, we utilize their MealConnect platform to efficiently coordinate food rescues between our agency partners and donors. MealConnect is a convenient, free, and safe way for businesses of any size to reduce wasted food and donate surplus food and meals throughout our community.
